- tholec's rising now has benefits beyond 100% training.
- affect output for ryfe clarified - this affect has a chance to block ANY type of offensive ability (whether initiating combat or not)
- contradiction of the rabbit now has benefits beyond 100% training.
- sprites and sprites only (**not pixies or minor-remort**) have a new special power that makes them **extremely** potent if a footpad.
- ryfe's now get a new special power.
