

Update 2/3/2010: Sheltering steel / help file updates

Written by Serenity

Wednesday, 03 February 2010 03:35 - Last Updated Wednesday, 03 February 2010 03:37

- New poliir skill: sheltering steel. - Major balance passes on the revamped Invasion are now complete. The Invasion is now on a fully automatic cycle. Special rewards will be coming shortly. =)

Update 1/28/2010: - Greatly expanded the 'help ruushi invasion' files. Added to and clarified some of the details in 'help wound mechanics'.

- The Invasion event continues to undergo balancing, and will be disabled and re-enabled periodically.
